## SUMMARY

MCA AI/ML student at Lovely Professional University with a minor in Machine Learning. Skilled in Python, Java, C++, Android development, and REST APIs. Experienced in building intelligent systems, including a Mediconnect and Fake news detector using multiple LLM's and NLP. Strong in problemsolving, rapid prototyping, and collaboration. Passionate about applying AI to solve real-world challenges in areas like transportation and education, and eager to contribute to high-impact, innovation-driven teams.

## SKILLS

**Languages:** Python, C/C++,Java, SQL, Advance Java  
**Web Technologies:** HTML, CSS  
**Frameworks & Tools:** Flask, REST APIs  
**AI/ML:** Jupyter Notebook, Data Analysis, NLP  
**Developer Tools:** Git, GitHub, VS Code  
**Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms, System Design, Operating Systems, Networking

## PROJECTS

**FAKE NEWS DETECTOR**

Mar 2025 – May 2025

In today’s digital age, the spread of misinformation and fake news has become a significant challenge. The fake news detector project aims to address this issue by developing a robust system that can identify and flag potentially false or misleading content

**MEDICONNECT**

Oct 2025

MediConnect is an intelligent healthcare management platform designed to streamline communication and data flow between patients, doctors and hospitals. The system provides a unified digital interface for appointment scheduling, electronic health record (EHR) management, prescription tracking, and emergency support. By integrating secure cloud storage and automated notifications, MediConnect ensures that patients receive timely medical attention and doctors can efficiently manage their schedules and patient data.

## CERTIFICATES

Data Analysis with python

August 25-Sepetember 25

SQL and Relational Database 101

October 25-November 25

IBM CloudEssentials

November 25

## EDUCATION

**Master of Computer Application**

August 25- Present

Lovely Professional University

**Bachelors of Computer Application**

August 22-May 25

GuruNanak Dev University - 7.6 CGPA

**Higher Secondary**

April 21-June 22

Jawahar Navodaya Vidyalaya - 78.9 percentage
